**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## DETAILED ACTION

### *Claim Rejections - 35 USC §§ 102 and 103*

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1, 2, 4, 6, 7, 10 and 11 are rejected under 35 U.S.C. 102(e) as being anticipated by Pai as previously applied.

Regarding the claim 1 amendment, Figure 2 of Pai shows two opposite sides on inner side wall 144; one side above string groove 145, one side below. Since the Pai corrugations 143, which correspond to the recited reinforcement ribs, are located above and below the string groove, the ribs are considered to be arranged symmetrically. Further, the Pai racquet inherently has a plurality of main and cross strings which form a racquet frame. As the Pai racquet profile shown in Figure 2 is virtually identical to that shown in applicant's Figure 6, the reinforcement ribs are considered to be located at the connections of the main strings and the cross strings on the main body. Regarding the amendment to claim 4, Figure 2 of Pai shows a rib located above and below a string hole 145.

3. Claims 5, 8 and 9 are rejected under 35 U.S.C. 103(a) as being unpatentable over Pai as previously applied.

Art Unit: 3711

Regarding the amendment to claims 8 and 9, for the reasons set forth in the previous Office action, it would have been obvious to a person having ordinary skill in the racquet art, by routine experimentation, to provide the Pai racquet with ripples of varying depth in order to selectively strengthen specific areas of the racquet; the Pai ripples are considered to comprise an elongated recess and their varying depth in cross-sections would result in different thicknesses.

#### **Conclusion**

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
